The Duckdom Touch
Before serving, tap the bun gently twice and say:
"Monday fuel for work well done."
No one in Duckdom has ever skipped this step.

Directions:

1. Cook the sausages gently until warm and golden.
2. Lightly toast the buns with a small spread of butter.
3. Place one sausage inside each bun.
4. Add toppings as you wish.
5. Serve immediately while still warm.

Turbo's Tip

"If you stir a little grated cheese into warm buns, it melts into secret comfort."

Kevin's Suggestion

"Mustard zig-zags. Not dots. Zig-zags mean business."
